

The 2011 cruise - April 2011
from Eagle 4037 Owner – Roger Wolthius PhD

Fellow Eagles,

In January I talked about our June Eagle cruise to The Broughtons, and discussed possible overnights along the way. In February I discussed some possible places to visit in the Broughtons during week two, and in March I discussed possible overnights for the return trip during week three. If any of you did not receive or have misplaced these emails, let me know and I'll send them again.

As of now it looks like we may have 5 Eagles on the cruise ... 4037 (NW Passage), 4036 (Merrymac), 4028 (Island Huntress – joining us in Campbell River), 4027 (Thankful), and 4007 (Perigee). By the way, does anyone know the location of Eagle 4001 (Hanu, in Sidney?); if anyone knows how to get hold of him, please contact me.

The current plan is to meet in Sidney no later than Wednesday June 8, with departure for Nanaimo on Thursday June 9. We could leave a day earlier or a day later if this better fits someone's schedule. Further, we plan to return to the Puget Sound area no later than June 30.

Thinking of warm weather and sun for June!

Roger
