Issue 16 – January 2011

Happy New Year

From all the team at ECA we wish you a happy new year. We look forward to an exciting 2011 and also look forward to the Chinese new year on February 3, being the year of the rabbit.

Around this time of year, in the Chunyun period, also known as Spring Festival travel season is a very busy time of the year in China and is known as the largest human migration in the world.

Eagle 5308 named "Boat of the Month" December/January Trade-a-Boat

We are excited to announce that Trade-a-Boat magazine has named Eagle 5308, boat of the month in its latest edition. In conjunction with this we have reduced the price on the 2008 Demonstrator featured in the article. To view the article online [click here](#), or visit our News & Reviews section of www.eaglecruisers.com.au

Eagle 5308, price reduction by \$100,000 - now \$979,000 inc GST

In conjunction with being named "Boat of the Month" we have reduced the price on the Eagle 2008 Demonstrator. This vessel has only around 500 hours on the clock and is virtually fully spec'd with all the options a skipper could ask for to comfortably cruise Australian waters. She is currently located at Rosslyn Bay Marina, near Rockhampton and was to make her passage to be berthed at the Gold Coast early this month, however these plans have been delayed due to the flooding in Rockhampton and closure of the Rockhampton airport. We hope that those affected by the floods have a speedy recovery.

EAGLE 53

Happy boating,
Michael & Therese Waugh
